

Cash Passport Prepaid Travel Money Card Fees and Limits

The world's foreign exchange company

As a prepaid currency card, Cash Passport is all about putting you in control of your holiday money and making it easier to budget for your trip away.

All charges are clear upfront so you'll know exactly what each transaction will cost. If you've pre-loaded your travel money onto any of our foreign currency Cash Passport cards and use the card in the country of that currency, i.e. a US\$ card in the USA, you've locked in the exchange rate (if you rely on an ordinary bank or credit card for cash withdrawals or payments abroad the exchange rates will fluctuate throughout your trip).
